"Life was good today!"

Designed in classic European style to maintain a timeless elegance, Arrowhead Manor boasts amazing uninterrupted open space and mountain valley views as well as elegant and lavishly appointed rooms, and finer amenities than most hotels (let alone B&Bs) offer. Just minutes from the Denver Metro Area, Arrowhead is the perfect mountain getaway without the long drive. Head just a bit further down the road, and you will find one of the great Colorado ski-towns such as Breckenridge, Dillon, or Loveland.

Like a French or Italian hotel, the building is filled with antiques, marble, and travertine. Each room's bed features fine linens, down, and Egyptian cotton. Take a hot, relaxing bath in your private jetted tub, or curl up in one of our dreamy beds and watch a movie from our free DVD rental collection.

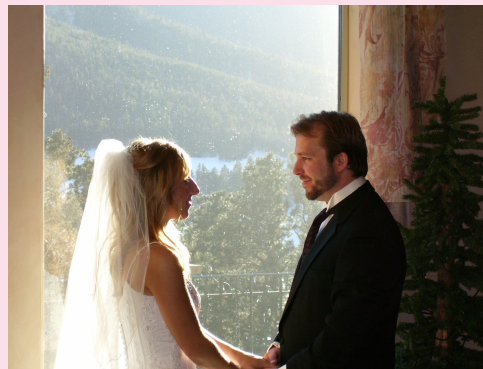

Heavenly sunsets and sunrises can be witnessed almost daily at the Arrowhead Manor. Magnificent pinks and blues over our beautiful, spacious Colorado mountain open space views make ours some of the best you'll ever see!

Dance and romance the night away on one of our many decks or in our Great Room in front of a nice fire or under a starry sky... because you and your love deserve it!
